

Gourd Foot Locator™*

- Do you have trouble locating the correct foot position on your Gourd's?
- Do you have trouble finding the perfect angle for the front of your gourd?
- Could you use a Gourd drying rack for your finish coat, paint, or inks etc ?

If you answered YES to any of the above than you need the Gourd Foot Locator™

- The Gourd Foot Locator™ makes the process of placing feet on the bottom of your gourd easy and fast! The Gourd Locator comes with everything needed to locate your feet.
- Select the diameter of your foot print for the legs; from 4 common sizes, 2", 3", 4.5", or 6" dia. And screw the brass screws into the brass inserts.
- Place the gourd on the 3 screws, and you can visually position the gourd on the pins. When you like the position of the gourd, simply press down on the gourd.

**Eliminate the traditional trial and error method of taping the feet;
hoping that you have the correct position.**

The Gourd Foot Locator™ includes:

- 7.25" x 7.25" x .75" wood base with clear finish and rubber feet
- 12 brass inserts
- 3 pointed brass screws
- 1 screw driver

Available at Blue Whale Arts for \$21.99
